CANDIDATE EVALUATION REPORT

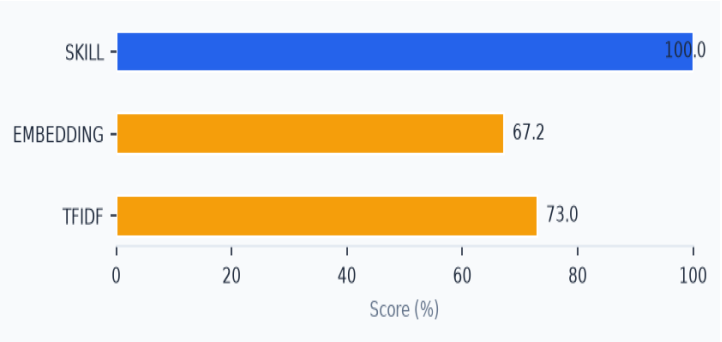

Position: **Machine Learning Engineer** | Candidate: **Amira Khelifi**

01 — CANDIDATE PROFILE

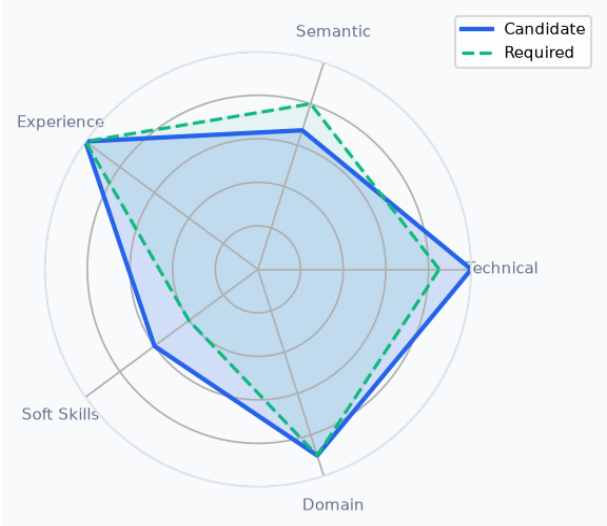

Full Name	Amira Khelifi
Target Position	Machine Learning Engineer
Domain	Data Science Ml
Education Level	Unknown
Years of Experience	7 year(s)
Evaluation Verdict	Strong Match

02 — AI MATCH SCORE

03 — COMPETENCY ANALYSIS

Dimension	Candidate	Required	Gap
Technical	100%	85%	+15
Semantic	67%	80%	-13
Experience	100%	100%	+0
Soft Skills	60%	40%	+20
Domain	90%	90%	+0

04 — SKILLS ANALYSIS

■ Matched Skills	● aws ● docker ● fastapi ● kubernetes ● machine learning ● mlflow ● postgresql ● python ● pytorch ● tensorflow ● communication ● teamwork
■ Missing Skills	None detected
■■ Critical Missing	None detected
■ Extra Skills	● computer vision ● deep learning ● git ● linux ● scikit-learn
■ Coverage	10/10 required skills

05 — STRENGTHS & GAPS

STRENGTHS

✔ Strong alignment in core skills: aws, docker, fastapi, kubernetes
✔ Solid professional experience (7 years)
✔ Mid-level or senior experience profile
✔ Candidate domain matches the job domain

BLOCKING GAPS

✘ None identified

MINOR GAPS

■ None identified
